CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS AND INFORMATION

The information presented or incorporated by reference in this report contains both historical information and "forward-looking statements" (within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended) or "forward looking information" (within the meaning of applicable Canadian securities laws) (collectively referred to herein as "forward looking statements") that may state our intentions, hopes, beliefs, expectations or predictions for the future.

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by us at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause our actual financial results, performance or achievements to be materially different from those expressed or implied herein and many of which are outside our control.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause our results to differ materially from those expressed or implied by such forward-looking statements. The words "believe," "anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends, which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those described in the forward-looking statements, including, without limitation:

- delay or failure by the Bolivarian Republic of Venezuela ("Venezuela") to make payments or otherwise honor its commitments under the settlement agreement, as amended, (the "Settlement Agreement"), including with respect to the sale of our technical mining data related to the Brisas Project (the "Mining Data") for use by the mixed company (the "Mixed Company");
 - the ability of the Company and Venezuela to (i) successfully overcome any legal or regulatory obstacles to own and operate the Mixed Company for the purposes of developing the Brisas Cristinas Project, (ii) the completion of any additional definitive documentation and finalization of any remaining governmental approvals and (iii) obtain financing to fund the capital costs of the Brisas Cristinas Project;
 - risks associated with exploration, delineation of adequate reserves, regulatory and permitting obstacles and other risks associated with the development of the Brisas Cristinas Project;
 - local risks associated with the concentration of our future operations and assets in Venezuela, including operational, regulatory, political and economic risks;
 - our ability to resume our efforts to enforce and collect the arbitral award, including the associated costs of such enforcement and collection effort and the timing and success of that effort, if Venezuela fails to make payments under the Settlement Agreement and it is terminated;
 - pending the receipt of payments under the Settlement Agreement, our continued ability to service or restructure our outstanding notes or other obligations as they come due and access future additional funding, when required, for ongoing liquidity and capital resources;
 - shareholder dilution resulting from restructuring, refinancing and/or conversion of our outstanding notes or from the sale of additional equity, if required;
 - value realized from the disposition of the remaining Brisas Project related assets, if any;
-

- our prospects in general for the identification, exploration and development of mining projects and other risks normally incident to the exploration, development and operation of mining properties, including our ability to achieve revenue producing operations in the future;
- abilities and continued participation by certain key employees; and
- U.S. and/or Canadian tax consequences to which we are subject.

See “Risk Factors” contained in our Annual Information Form and Annual Report on Form 40-F filed on www.sedar.com and www.sec.gov, respectively for additional risk factors that could cause results to differ materially from forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in our affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with the SEC or other securities regulators or presented on the Company’s website. Forward-looking statements speak only as of the date made. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by this notice. We disclaim any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to our disclosure obligations under applicable U.S. and Canadian securities regulations. Investors are urged to read the Company’s filings with U.S. and Canadian securities regulatory agencies, which can be viewed online at www.sec.gov and www.sedar.com, respectively.

**THE PARIS COURT OF APPEAL DECIDES IN FAVOR OF GOLD RESERVE INC.**

SPOKANE, WASHINGTON, February 7, 2017

Gold Reserve Inc. (TSX.V: GRZ) (OTCQB: GDRZF) (“Gold Reserve” or the “Company”) announces that on February 7, 2017, the Paris Court of Appeal (the “Court”) rejected all of Venezuela’s arguments and issued a judgment dismissing the annulment applications filed by Venezuela pending before the French courts in relation to the arbitral award dated September 22, 2014 (the “Award”) rendered by the International Centre for Settlement of Investment Disputes (“ICSID”), against the Bolivarian Republic of Venezuela (“Venezuela”).

At the Court in October 2014 and January 2015, respectively, Venezuela filed annulment applications regarding the Award and regarding the December 15, 2014 arbitral decision dismissing its request for rectification (the “Decision”). During the same period, the Company applied to the Court for *exequatur* of the Award, which entails recognition and enforcement of the Award in France. The Court issued the *exequatur* on January 29, 2015 declaring the Award to be recognized and enforceable in France.

The Court considered and rejected each of the arguments raised by Venezuela, confirming that (a) the arbitral tribunal properly took jurisdiction over the matter, (b) the parties were treated equitably, and the rights of defense and the adversarial principles were respected, (c) the arbitral tribunal ruled within the mandate conferred upon it, and (d) the Award is not contrary to French international public policy.

As a result, the Court has dismissed the annulment applications filed by Venezuela, and therefore the Award in the amount of \$713,032,000 USD plus interest remains enforceable in France. The Court also ordered Venezuela to pay an amount of €150,000 for the Company’s legal fees and costs. Venezuela can consider the option of appealing the judgment before the French *Cour de cassation*, which is the court of final resort in the French judicial system.

James Coleman, Chairman of the Board, stated, “Even though we prevailed in this matter we consider Venezuela our partner and look forward to satisfaction of the Settlement Agreement and advancing the development of the gold copper silver Siembra Minera Project (Brisas Cristinas).”
