Certain statements included herein, including those that express management's expectations or estimates of our future performance, constitute "forward looking statements" within the meaning of the United States Private Securities Litigation Reform Act of 1995. Forward looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by management are inherently subject to significant business, economic and competitive uncertainties and contingencies. We caution that such forward-looking statements involve known and unknown risks, uncertainties and other risk factors that may cause the actual financial results, performance, or achievements of Gold Reserve to be materially different from our estimated future results, performance, or achievements expressed or implied by those forward looking statements. Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation, concentration of operations and assets in foreign countries, corruption, requests for improper payments, uncertain legal enforcement, regulatory, political and economic risks associated with Venezuelan operations, our ability to obtain additional funding for the development of the Brisas project, in the event any key findings or assumptions previously determined by our experts in the final feasibility study (including any updates thereto) significantly differ or change as a result of actual results in our expected construction and production at the Brisas project, risk that actual mineral reserves may vary considerably from estimates presently made, impact of currency, metal prices and metal production volatility, changes in proposed development plans (including technology used), our dependence upon the abilities and continued participation of certain key employees, and risks normally incident to the operation and development of mining properties. These are discussed in greater detail in Gold Reserve's filings with the U.S. Securities and Exchange Commission at [www.sec.gov](http://www.sec.gov) and the Annual Information Form and other reports filed with Canadian provincial securities commissions at [www.sedar.com](http://www.sedar.com). Gold Reserve expressly disclaims any intention or obligation to update or revise any forward looking statement whether as a result of new information, events or otherwise.

APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the enclosed form of proxy are Directors or Officers of the Company. A Shareholder submitting a proxy has the right to appoint a person or company, who need not be a Shareholder, to represent the Shareholder at the Meeting other than the persons designated in the form of proxy furnished by the Company. To exercise this right, the Shareholder may insert the name of the desired representative in the blank space provided in the proxy or may submit another appropriate form of proxy. The completed proxy must be deposited at the office of Computershare Trust Company, Inc., P.O. In the case of Shareholders appearing on the registered shareholder records of the Company, a proxy may be revoked at any time prior to its exercise by sending or depositing a written notice of revocation or another signed proxy bearing a later date to the Secretary of the Company at its principal executive office located at 926 W. Shareholders appearing in the name of a bank, broker or other nominee should follow the instructions provided by their bank, broker or nominee in revoking their previously voted shares.

#### EXERCISE OF DISCRETION BY PROXIES

The shares represented by the proxy will be voted or withheld from voting in accordance with the instructions of the Shareholder on any ballot that may be called for and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the shares will be voted accordingly. In the absence of such choice being specified, such shares will be voted "for" the matters specifically identified in the Notice of Annual and Special Meeting of Shareholders accompanying this Information Circular.

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Annual and Special Meeting of Shareholders and with respect to other matters which may properly be brought before the Meeting. At the time of printing this Information Circular, the management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice of Annual and Special Meeting of Shareholders.

In February 1999, the Gold Reserve Corporation became a subsidiary of the Company, the successor issuer. For the purposes of disclosure in this Information Circular, references to the Company prior to February 4, 1999 are references to Gold Reserve Corporation.

#### VOTING RIGHTS AND PRINCIPAL SHAREHOLDERS

The Company's issued and outstanding shares consist of Class A common shares (each, a "Class A Share") and Class B common shares (each, a "Class B Share"). Unless otherwise noted, references to Common Shares in this Information Circular include both Class A Shares and Class B Shares. Holders of Class A Shares and holders of Class B Shares (collectively, the "Shareholders") are entitled to one vote per share and will vote as a single class on all matters to be considered and voted upon at the Meeting or any adjournment thereof. As of April 14, 2005, there were 34,649,819 issued and outstanding Class A Shares and 1,157,397 issued and outstanding Class B Shares for a total of 35,807,216 Common Shares eligible to vote.

The Company has set the close of business on April 25, 2005 as the record date for the Meeting. The Company will prepare a list of Shareholders of record at such time. Shareholders will be entitled to vote the shares then registered in their name at the Meeting except to the extent that (a) the holder has transferred the ownership of any of his shares after that date, and (b) the transferee of those shares produces properly endorsed share certificates, or otherwise establishes that he owns the shares, and demands, not later than 10 days before the Meeting, that the transferee's name be included in the list of persons entitled to vote at the Meeting, in which case the transferee will be entitled to vote his shares at the Meeting or any adjournment thereof.

To the knowledge of the Directors and senior officers of the Company, as of April 14, 2005, no person, firm or corporation beneficially owned, directly or indirectly, or exercised control or direction over more than 10% of the voting rights attached to the Common Shares.

A quorum for the transaction of business at any meeting of the Shareholders shall be holders of at least one-third (1/3) of the outstanding Common Shares present in person or represented by proxy. Except as otherwise stated in this Information Circular, the affirmative vote of the holders of a majority of the Common Shares present at the Meeting, in person or by proxy, is required to approve all items presented in this Information Circular.

The Board held 10 meetings during 2004 at which attendance, in person or by phone, averaged 89%. Various matters were considered and approved by written resolution during the year.

#### Item 2 - Appointment of Auditors

It is proposed that the firm of PricewaterhouseCoopers LLP be appointed by the Shareholders as independent certified public accountants to examine the financial statements of the Company for the year ending December 31, 2005.

Unless such authority is withheld, the persons named in the accompanying proxy intend to vote for the re-appointment of PricewaterhouseCoopers LLP as auditors of the Company until the next annual meeting of the Company's Shareholders, or until their successors are duly appointed, at a remuneration to be fixed by the Board. PricewaterhouseCoopers LLP were first appointed auditors of the Company in 1992.

#### Item 3 - Amendment of the 1997 Equity Incentive Plan

The Company presently has one active stock option plan, the 1997 Equity Incentive Plan (the "Plan"), and predecessor plans that have been terminated, except for options previously issued under the predecessor plans that, as a result of forfeiture to the Company become subject to reissue, shall be re-issued and administered pursuant to the Plan.

At the Meeting, the Shareholders of the Company will be asked to consider and, if deemed advisable, to approve an ordinary resolution to amend and increase the number of Common Shares reserved pursuant to the Plan.

The Plan currently provides for the grant of both "incentive stock options" and "non statutory options" to purchase Class A Shares, stock appreciation rights ("SARs"), or up to 650,000 shares of restricted stock. To date, 488,000 shares of restricted stock have been granted and 1,313,867 options have been exercised under the Plan (including predecessor plans) totaling 1,801,867 Common Shares or 5% of the current issued and outstanding Common Shares of the Company. Options, including options under the predecessor plans and the Plan, for the purchase of 3,157,022 Class A Shares are outstanding, representing approximately 8.8% of the issued and outstanding Common Shares of the Company.

On February 24, 2005, the Board of the Company authorized an increase in the number of Common Shares reserved pursuant to the Plan, subject to regulatory and shareholder approval, by 800,000 Common Shares or approximately 2.2% of the issued and outstanding Common Shares of the Company (400,000 of which have been authorized for issuance as restricted stock grants or options to purchase Common Shares). This increase is intended to attract and motivate directors, officers, employees of, and service providers to, the Company and its subsidiaries and thereby advance the Company's interests by affording such persons an opportunity to acquire an equity interest in the Company through the exercise of stock options.

As of April 14, 2005, no options for the purchase of Class A Shares remained available for grant under the Plan. Assuming the resolution approving the amendment to the Plan is approved, 800,000 Class A Shares would be available for issuance pursuant to the Plan, representing approximately 2.2% of the issued and outstanding Common Shares of the Company. When adjusted to reflect the reduction of the number of shares available due to exercises of options previously granted and the issuance of restricted shares, the maximum number of Common Shares issuable under the Plan, if the resolution approving the amendment to the Plan is approved, would be 3,957,022 Common Shares, representing approximately 11% of the issued and outstanding Common Shares of the Company.

Approval of this item, for the purposes of complying with the TSX's policy limitations, requires the affirmative vote of a majority of the Common Shares of the Company represented at the Meeting, in person or by proxy, held by persons who are neither directors, executive officers, or other insiders (or associates of insiders) of the Company. As of April 14, 2005, based on information available to the Company, a total of 2,698,370 Common Shares of the Company were held by directors, executive officers, or other insiders (or their associates) of the Company, representing approximately 7.5% of the total outstanding Common Shares at such date.

For a more detailed discussion of the terms and provisions of the Plan, reference should be made to "Executive Compensation - Equity Incentive Plan" in this Information Circular.

The following is the form of ordinary resolution to be approved by the Shareholders at the Meeting:

"BE IT RESOLVED THAT:

1. The amendment of the Plan to increase the number of Common Shares subject to the Plan by 800,000 Common Shares, of which 400,000 shares are authorized to be issued as restricted stock grants or options to purchase Common Shares, is hereby ratified and approved;
2. The directors may revoke this resolution before it is acted upon

without further approval of the Shareholders; and

3. Any officer or director is hereby authorized to execute and deliver any documents, instruments or other writings and to do all other acts as may be necessary or desirable to give effect to the foregoing resolution."

The Board has determined that the amendment to the 1997 Equity Incentive Plan is in the best interests of the Company and recommends that the Shareholders vote in favor of the resolution authorizing such amendment.

#### Item 4 - Approval of the Purchase of Class A Shares by the KSOP Plan

The Company maintains a retirement plan, the KSOP Plan, for eligible employees. The annual contribution to the KSOP Plan participants is formula-driven based on a percentage of compensation and is used to allocate Class A Shares purchased by the KSOP Plan.

The Board approved the issuance of 75,000 Class A Shares for purchase by the KSOP Plan at a price of US \$3.45295 (Cdn. \$4.18), which represents the closing market price on the TSX (converted to US \$) on March 29, 2005. As of December 31, 2004, 50,319 Class A Shares remained in the KSOP Plan to be allocated to KSOP Plan participants, representing approximately 0.14% of the issued and outstanding Common Shares of the Company at that time.

Assuming the resolution approving the purchase of Class A Shares by the KSOP Plan is approved, 125,319 Class A Shares, representing approximately 0.35% of the issued and outstanding Common Shares of the Company, would be available for allocation to KSOP Plan participants.

In order for the acquisition of Class A Shares by the KSOP Plan to comply with certain requirements of the TSX, this resolution must be approved by a majority of the votes cast on such resolution, other than votes attaching to Common Shares beneficially owned by insiders of the Company eligible to participate in the KSOP Plan or associates of such insiders. In the event this resolution is approved by the holders of at least a majority of the votes cast on this resolution at the Meeting, in person or by proxy by disinterested Shareholders, it will be deemed approved but will remain subject to the policy limitations of the TSX with respect to the number of Class A Shares that may be allocated to directors and executive officers.

As of April 14, 2005, based on information available to the Company, a total of 2,376,256 Class A Shares, or approximately 6.6% of the issued and outstanding Common Shares of the Company, were held by insiders, or their associates, eligible to participate in the KSOP Plan.

Approval of this resolution pursuant to the policies of the TSX will enable the Company to allocate the Class A Shares, pursuant to the employee stock ownership component of the KSOP Plan, to eligible participants in compliance with the TSX's limitations on awards to such persons pursuant to share compensation arrangements.

For a more detailed description of the KSOP Plan, see "Executive Compensation - KSOP Plan".

The persons named in the accompanying proxy intend to vote for the approval of the authorization to issue 75,000 Class A Shares to the KSOP Plan unless otherwise directed.

The following resolution in respect of the issuance of Class A Shares for the KSOP Plan will be proposed at the Meeting:

"BE IT RESOLVED THAT:

1. The issuance of 75,000 Class A Shares for purchase by the KSOP Plan at a price of US \$3.45295 (Cdn. \$4.18) be approved, and
2. Any officer or director of the Company is hereby authorized for and on behalf of the Company to execute and deliver all such instruments and documents and to perform and do all such other acts and things as may be deemed advisable in such individual's discretion for the purpose of giving effect to this resolution."

The Board has determined that the issuance to the KSOP Plan of 75,000 Class A Shares is in the best interests of the Company and recommends that the Shareholders vote in favor of the resolution authorizing such issuance.

## Equity Incentive Plan

Key employees of the Company and its subsidiaries are eligible to receive grants under the 1997 Equity Incentive Plan (the "Plan"). An incentive option may be exercised during the lifetime of the optionee only by the optionee. At such optionee's death an option or any part thereof may only be transferable by such optionee's will or by the laws of descent and distribution. The Board or a committee of the Board is responsible for the administration of the Plan.

Options, stock appreciation rights ("SARs") and restricted stock granted under the Plan are generally granted at the United States Dollar equivalent of the closing sales price of the Class A Shares on the day immediately preceding the grant date, as reported on the TSX. A SAR entitles the holder of the related option, upon exercise of the SAR, to surrender such option or any portion thereof to the extent unexercised, and to receive payment of an amount determined by multiplying (i) the excess of the weighted average trading price on the open market for the Class A Shares for the five (5) trading days immediately preceding the date of exercise of such SAR over the option price under the related option, by (ii) the number of shares as to which such SAR has been exercised. Notwithstanding the foregoing, the agreement evidencing the SAR may limit in any manner the amount payable with respect to any SAR.

The maximum number of shares for which options may be granted to any one person in any year is 300,000 shares. In addition, the total number of shares reserved for issuance to any one person pursuant to options cannot exceed 5% of shares outstanding. Each option grant is limited to a maximum duration of 10 years from the time it is granted, except that an incentive stock option granted to a ten percent shareholder shall have a maximum duration of five years from the time it is granted and the vesting period is discretionary.

An incentive option may be exercised during the lifetime of the optionee only by the optionee. At such optionee's death an option or any part thereof may only be transferred by such optionee's will or by the laws of descent and distribution.

The Plan provides the following for termination of employment with regard to the options outstanding at the date of termination:

Retirement. Any then outstanding options under the Plan may be exercised at any time prior to the earlier of the expiration date of the outstanding options or 12 months after the date of retirement.

For Cause. Any then outstanding options become null and void. Involuntary Termination of Employment. #### KSOP Plan

The Company also maintains a retirement plan, the KSOP Plan, for the benefit of eligible employees of the Company. The KSOP Plan consists of two components a salary reduction component (401(k)) and stock ownership component (ESOP) and is available to all eligible employees of the Company. Eligible employees are those who have been employed for a period in excess of one year and who have worked at least 1,000 hours during the year in which any allocation is to be made.

Employee contributions to the 401(k) component of the KSOP Plan are limited in each year to the total amount of salary reduction the employee elects to defer during the year, which is limited in 2005 to \$14,000 (\$10,000 limit for participants who are 50 or more years of age, or who turn 50 during 2005).

Employer contributions, stated as a percentage of eligible compensation, are determined each year by the Board of Directors and allocations are made in the form of Class A Shares. The number of Class A Shares released for allocation is determined by multiplying the total eligible compensation by the contribution percentage approved by the Board of Directors and dividing that number by the average price of the Class A Shares remaining in the KSOP Plan for distribution. For KSOP Plan year 2005 the Company has adopted a "Safe Harbor" contribution of 3% of eligible compensation. As of December 31, 2004, 50,310 Class A Shares remained in the KSOP Plan to be allocated to KSOP Plan participants, representing approximately 0.14% of the issued and outstanding Common Shares of the Company at that time.

Total employer and employee annual contributions to an employee participating in both the 401(k) and ESOP components of the KSOP Plan are limited (in 2005) to a maximum of \$42,000 (\$46,000 limit for participants who are 50 or more years of age or who turn 50 during 2005). The annual dollar limit is an aggregate limit which applies to all contributions made under this plan or any other cash or deferral arrangements.

Distributions from the KSOP Plan are not permitted before the participating employee reaches the age of 50, except in the case of death, disability, termination of employment by the Company or financial hardship. The employee stock ownership component of the KSOP Plan is qualified under Sections 421 and 423 of the U.S. Internal Revenue Code of 1986, as amended.

The Company allocated contributions to eligible KSOP Plan participants for plan years 2004, 2003 and 2002 were \$254,779 (122,722 Class A Shares), \$216,432 (203,357 Class A Shares), and \$153,003 (242,632 Class A Shares), respectively. The aggregate number of Class A Shares for the three year period is 568,711, which represents 1.6% of the current issued and outstanding Common Shares of the Company.

#### Termination of Employment, Change in Responsibilities and Employment Contracts

At this time, there are no written contracts of employment as between the Company and the Named Executive Officers.

The Company has entered into agreements with each of the Named Executive Officers in order to induce them to remain with the Company in the event of a change of control (as defined in the agreements) (the "Change of Control Agreements"). The Board decided to implement such Change of Control Agreements given, among other things, the Named Executive Officers' familiarity and long standing involvement with the Brisas project and the importance of each of their continued involvement in the on going development of the Brisas project.

In the event of a change in control of the Company, each Named Executive Officer is entitled to, among other things, continue his employment with the Company and, if his employment is terminated within seven months following such change in control (other than for cause, disability, retirement or death) or if the Named Executive Officer terminates his employment for good reason (as defined in the agreements) at any time within seven months following the change of control, such individual will be entitled to receive, among other things, two or three times his annual salary and KSOP contributions, an amount equal to all bonuses received during the twelve months prior to the change of control, maintenance of health and insurance benefits for a period of 36 months and the buy out of the cash value of any unexercised stock options (if so elected by the Named Executive Officer).

#### Composition of the Compensation Committee

The Company's compensation program was administered during 2004 by the Compensation Committee of the Board (the "Compensation Committee"), composed of Mr. Mikkelsen and Mr. Potvin. The function of the Compensation Committee was to evaluate the Company's performance and the performance of its executive officers, approve the cash and equity based compensation of such executive officers and submit such approvals to the full Board for ratification. Compensation matters relating to the directors were administered by the full Board of Directors.

#### Report on Executive Compensation

The goal of the compensation program is to attract, retain and reward employees and other key individuals who contribute to both the immediate and the long term success of the Company. Contributions are largely measured subjectively, and are rewarded through cash and equity based compensation vehicles.

The Company evaluates the extent to which strategic and business goals are met and measures individual performance, albeit subjectively, against development objectives and the degree to which teamwork and Company objectives are promoted. The Company strives to achieve a balance between the compensation paid to a particular individual and the compensation paid to other employees and executives having similar responsibilities within the Company. The Company also strives to ensure that each employee understands the components of his or her salary, and the basis upon which it is determined and adjusted.

The components of executive compensation are as follows:

**Base Salary.** The administration of the program requires the Compensation Committee to review annually the base salary of each executive officer of the Company and to consider various factors, including individual performance, experience, time in position, future potential, responsibility, and the executive's current salary in relation to the executive salary range at other mining companies. These factors are considered subjectively and none are accorded a specific

~~weight.~~

~~Bonuses. In addition to base salary, the Compensation Committee from time to time recommends to the Board payments of discretionary bonuses to executives and selected employees. Such bonuses are based on the same criteria and determined in a similar fashion as described above.~~

~~Equity. The Compensation Committee from time to time recommends to the Board grants of options and/or restricted stock awards to executives and selected employees. In addition, the Compensation Committee annually determines the contribution by the Company to the KSOP Plan for allocation to individual participants. Participation in the KSOP Plan by individual employees, including officers, is governed by the terms of the KSOP Plan.~~

#### ~~Chief Executive Officer's Compensation~~

~~It is the responsibility of the Compensation Committee to review and recommend the compensation package for the Chief Executive Officer based on the same factors as those used in determining the base salaries for the other Named Executive Officers listed above.~~

~~The Compensation Committee has not developed specific quantitative or qualitative performance measures or other specific criteria for determining the compensation of the Company's Chief Executive Officer, primarily because the Company does not yet have a producing mine or other operations from which such quantitative data can be derived. As a consequence, the determination of the Chief Executive Officer's compensation in 2004 was largely subjective, and was based on the Company's progress in addressing its more immediate concerns, continued exploration, and identifying and analyzing new corporate opportunities.~~

~~Mr. Timm's annual base salary was adjusted in August 2004 to \$250,000. The adjustment was made after a review of his individual performance, responsibility, performance of the Company and a comparison of compensation packages in peer group companies.~~

#### ~~APPENDIX A~~

# CHARTER OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

Adopted as of September 2, 2003

Amended March 29, 2005

## Purpose

The primary purposes of the Audit Committee (the "Committee") are to oversee on behalf of the Board of Directors ("Board") of Gold Reserve Inc. (the "Company"):

- ~~.. \_ the Company's accounting and financial reporting processes and the integrity of its financial statements;~~
- ~~.. \_ the audits of the Company's financial statements and the appointment, compensation, qualifications, independence and performance of the Company's independent auditors; and~~
- ~~.. \_ the Company's compliance with legal and regulatory requirements.~~

The Committee also has the purpose of preparing the report that rules of the U.S. Securities and Exchange Commission (the "SEC") or the Ontario Securities Commission (the "OSC") require the Company to include in its annual proxy or information statement and Form 20-F filed with the SEC and/or its equivalent filed with the OSC.

The Committee's function is one of oversight only and does not relieve management of its responsibilities for preparing financial statements that accurately and fairly present the Company's financial results and condition, nor the independent auditors of their responsibilities relating to the audit or review of financial statements.

## Organization

The Committee shall consist of at least three directors. The Board shall designate a Committee member as the chairperson of the Committee, or if the Board does not do so, the Committee members shall appoint a Committee member as chairperson by a majority vote of the authorized number of Committee members.

All Committee members shall be "independent," as defined and to the extent required in the applicable SEC and OSC rules and American Stock Exchange ("AMEX") and Toronto Stock Exchange ("TSX") listing standards and applicable laws and regulations, as they may be amended from time to time (collectively, such SEC and exchange requirements are referred to as the "listing standards"), for purposes of audit committee membership.

Notwithstanding the foregoing, one director who is not independent may be appointed to the Committee if the Board, under exceptional and limited circumstances, determines that membership on the Committee by the individual is required having regard to the best interests of the Company and its shareholders, and the Board discloses, in the next periodic filing made with the SEC subsequent to such determination, the nature of the relationship and the reasons for that determination; provided, however, that any such non independent Committee member may only serve on the Committee for two (2) years and may not serve as the chairperson of the Committee.

Each Committee member shall be "financially literate" upon appointment to the Committee, as such qualification is interpreted by the Board in its business judgment pursuant to the listing standards. At all times there shall be at least one member of the Committee who, in the Board's business judgment, is an audit committee "financial expert" as defined in the SEC rules and is "financially sophisticated" as defined in the AMEX listing standards.

Subject to the requirements of the listing standards, the Board may appoint and remove Committee members in accordance with the Company's by laws. Committee members shall serve for such terms as may be fixed by the Board, and in any case at the will of the Board whether or not a specific term is fixed.

## Independent Auditors and Their Services

The Committee shall have the sole authority and direct responsibility for the appointment, compensation, retention, termination, evaluation and oversight of the work of the independent auditors engaged by the Company for purposes of preparing or issuing an audit report or related work or performing other audit, review or attest services for the Company. The independent auditors shall report directly to the Committee. The Committee's authority includes the resolution of disagreements between management and the auditors regarding financial reporting.

The Committee shall pre approve all audit, review, attest and permissible non audit services to be provided to the Company or its subsidiaries by the independent auditors. The Committee may establish pre approval policies and procedures in compliance with applicable listing standards. The Committee shall obtain and review, at least annually, a report by the independent auditors describing:

- ~~.. \_ the firm's internal quality control procedures; and~~
- ~~.. \_ any material issues raised by the most recent internal quality control review, or peer review, of the auditing firm or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.~~

In addition, the Committee's annual review of the independent auditors'

~~qualifications shall also include the review and evaluation of the lead partner of the independent auditors for the Company's account, and evaluation of such other matters as the Committee may consider relevant to the engagement of the auditors, including views of company management and internal finance employees, and whether the lead partner or auditing firm itself should be rotated.~~

#### ~~Annual Financial Reporting~~

~~As often and to the extent the Committee deems necessary or appropriate, but at least annually in connection with the audit of each fiscal year's financial statements, the Committee shall:~~

- ~~1. Review and discuss with appropriate members of management the annual audited financial statements, related accounting and auditing principles and practices, and (when required of management under the applicable listing standards) management's assessment of internal control over financial reporting.~~
- ~~2. Timely request and receive from the independent auditors the report required (along with any required update thereto) pursuant to applicable listing standards prior to the filing of an audit report, concerning:
  - ~~.. all critical accounting policies and practices to be used;~~
  - ~~.. all alternative treatments of financial information within generally accepted accounting principles for policies and practices relating to material items that have been discussed with company management, including ramifications of the use of such alternative disclosures and treatments and the treatment preferred by the independent auditors; and~~~~
- ~~.. other material written communications between the independent auditors and company management, such as any management letter or schedule of unadjusted differences.~~

- ~~3. Discuss with the independent auditors the matters required to be discussed by AICPA Statement on Auditing Standards No. 61, including such matters as:
  - ~~.. the quality and acceptability of the accounting principles applied in the financial statements;~~
  - ~~.. new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;~~
  - ~~.. the selection, application and effects of critical accounting policies and estimates applied by the Company;~~
  - ~~.. issues raised by any "management" or "internal control" letter from the auditors, problems or difficulties encountered in the audit (including any restrictions on the scope of the work or on access to requested information) and management's response to such problems or difficulties, significant disagreements with management, or other significant aspects of the audit; and~~
  - ~~.. any off balance sheet transactions, and relationships with any unconsolidated entities or any other persons, which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.~~~~

- ~~4. Review and discuss with appropriate members of management the Company's intended disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" (or equivalent disclosures) to be included in the Company's annual report on Form 20 F filed with the SEC and its equivalent filed with the OSC.~~

- ~~5. Receive from the independent auditors a formal written statement of all relationships between the auditors and the Company consistent with Independence Standards Board Standard No. 1.~~

- ~~6. Actively discuss with the independent auditors any disclosed relationships or services that may impact their objectivity and independence, and take any other appropriate action to oversee their independence.~~

#### ~~Quarterly Financial Reporting~~

~~The Committee's quarterly review shall normally include:~~

- ~~1. Review and discuss the quarterly financial statements of the Company and the results of the independent auditors' review of these financial statements with appropriate members of management.~~
- ~~2. Review and discuss with Company management and, if appropriate, the independent auditors, significant matters relating to:
  - ~~.. the quality and acceptability of the accounting principles applied in the financial statements;~~
  - ~~.. new or changed accounting policies, and significant estimates, judgments, uncertainties or unusual transactions;~~
  - ~~.. the selection, application and effects of critical accounting policies and estimates applied by the Company; and~~
  - ~~.. any off balance sheet transactions and relationships with any unconsolidated entities or any other persons which may have a material current or future effect on the financial condition or results of the Company and are required to be reported under SEC rules.~~~~
- ~~3. Review and discuss with appropriate members of management the Company's intended disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" (or equivalent disclosures) to be included in the Company's quarterly reports prepared in accordance with Canadian requirements and filed on Form 6 K with the SEC and its equivalent filed with the OSC.~~

## Other Functions

~~The Committee shall review and assess the adequacy of this charter annually, recommend any proposed changes to the full Board and, to the extent required by the listing standards, certify annually to any AMEX, TSX or other listing market that the Committee reviewed and assessed the adequacy of the charter.~~

~~The Committee shall discuss with management earnings press releases (including the type and presentation of information to be included, paying particular attention to any use of "pro forma" or "adjusted" non-GAAP information), and financial information and earnings guidance provided to analysts and rating agencies. This may be conducted generally as to types of information and presentations, and need not include advance review of each release or other information or guidance.~~

~~The Committee, to the extent it deems necessary or appropriate, shall periodically review with management the Company's disclosure controls and procedures, internal control over financial reporting and systems and procedures to promote compliance with applicable laws.~~

~~The Committee shall periodically:~~

- ~~.. \_ inquire of management and the independent auditors about the Company's major financial risks or exposures;~~
- ~~.. \_ discuss the risks and exposures and assess the steps management has taken to monitor and control the risks and exposures; and~~
- ~~.. \_ discuss guidelines and policies with respect to risk assessment and risk management.~~

~~The Committee shall conduct any activities relating to the Company's code(s) of conduct and ethics as may be delegated from time to time to the Committee by the Board.~~

~~The Committee shall establish and maintain procedures for:~~

- ~~.. \_ the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters; and~~
- ~~.. \_ the confidential, anonymous submission by employees of the Company of concerns regarding questionable accounting or auditing matters.~~

~~If the Committee so determines, the confidential, anonymous submission procedures may also include a method for interested parties to communicate directly with non management directors.~~

~~It is the Company's policy that the Company shall not enter into transactions required to be disclosed under item 404 of the Securities and Exchange Commission's Regulation S-K or other applicable Canadian requirements unless the Committee first reviews and approves such transactions.~~

~~The Committee shall review and take appropriate action with respect to any reports to the Committee from internal or external legal counsel engaged by the Company concerning any material violation of securities law or breach of fiduciary duty or similar violation by the Company, its subsidiaries or any person acting on their behalf.~~

~~The Committee shall, from time to time as necessary, review the effect of regulatory and accounting initiatives on the financial statements of the Company. In addition, the Committee, as it considers appropriate, may consider and review with the full Board, company management, internal or external legal counsel, the independent auditors or any other appropriate person any other topics relating to the purposes of the Committee which may come to the Committee's attention.~~

~~The Committee may perform any other activities consistent with this charter, the Company's corporate governance documents and applicable listing standards, laws and regulations as the Committee or the Board considers appropriate.~~

## Meetings, Reports and Resources

~~The Committee shall meet as often as it determines is necessary, but not less than quarterly. The Committee shall meet separately with management and independent auditors. In addition, the Committee may meet with any other persons, as it deems necessary.~~

~~The Committee may establish its own procedures, including the formation and delegation of authority to subcommittees, in a manner not inconsistent with this charter, the by laws or the listing standards. The chairperson or a majority of the Committee members may call meetings of the Committee. A majority of the authorized number of Committee members shall constitute a quorum for the transaction of Committee business, and the vote of a majority of the Committee members present at a meeting at which a quorum is present shall be the act of the Committee, unless in either case a greater number is required by this charter, the by laws or the listing standards. The Committee shall keep written minutes of its meetings and deliver copies of the minutes to the corporate secretary for inclusion in the Company's corporate records.~~

~~The Committee shall prepare any audit committee report required to be included in the Company's annual meeting proxy or information statement, and report to the Board on the other matters relating to the Committee or its purposes, as required by the listing standards. The Committee shall also report to the Board annually the overall results~~

~~of its annual review of the independent auditors' qualifications, performance and independence. The Committee shall also report to the Board on the major items covered by the Committee at each Committee meeting, and provide additional reports to the Board as the Committee may determine to be appropriate, including review with the full Board of any issues that arise from time to time with respect to the quality or integrity of the Company's financial statements, the Company's compliance with legal or regulatory requirements, the performance and independence of the independent auditors.~~

~~The Committee is at all times authorized to have direct, independent and confidential access to the independent auditors and to the Company's other directors, management and personnel to carry out the Committee's purposes. The Committee is authorized to conduct or authorize investigations into any matters relating to the purposes, duties or responsibilities of the Committee.~~

~~As the Committee deems necessary to carry out its duties, it is authorized to select, engage (including approval of the fees and terms of engagement), oversee, terminate, and obtain advice and assistance from outside legal, accounting, or other advisers or consultants. The company shall provide for appropriate funding, as determined by the Committee, for payment of:~~

~~.. — compensation to the independent auditors for their audit and audit related, review and attest services;~~

~~.. — compensation to any advisers engaged by the Committee; and~~

~~— ordinary administrative expenses of the Committee that are necessary or appropriate in carrying out its duties.~~

~~Nothing in this charter is intended to preclude or impair the protection provided under corporation law for good faith reliance by members of the Committee on reports or other information provided by others.~~

#### ~~APPENDIX B STATEMENT OF CORPORATE GOVERNANCE PRACTICES~~

~~In this Appendix, the Company's corporate governance practices are compared with the TSX's guidelines for improved corporate governance (the "TSX Guidelines"). The Company's Board has reviewed this response to the TSX Guidelines.~~

##### ~~TSX Guidelines~~

~~1. The board of directors of every corporation should explicitly assume responsibility for the stewardship of the corporation and, as part of the overall stewardship responsibility, should assume responsibility for the following matters:~~

~~(a) adoption of a strategic planning process;~~

~~(b) the identification of principal risks of the corporation's business and ensuring the implementation of appropriate systems to manage these risks;~~

~~(c) succession planning, including appointing, training and monitoring senior management;~~

~~(d) a communications policy for the corporation; and~~

~~(e) the integrity of the corporation's internal control and management information systems.~~

##### ~~Company's Governance Practices~~

~~1. The board of directors (the Board) has the responsibility for supervising the conduct of the Company's affairs and the management of its business. To assist the Board in the implementation of key policies, it delegates some of its responsibility to committees. Although the Board has delegated to management responsibility for the day to day operations of the Company, the Board has ultimate responsibility for the stewardship of the Company.~~

~~Strategic planning is at the forefront of deliberations at meetings of the Board. Management is responsible for the development of overall corporate strategies. These strategies are under constant review by the Board and senior management. The Board's duties include overseeing strategic planning, reviewing and assessing principal risks to the Company's business and approving risk management strategies.~~

~~The Board ensures that an appropriate risk assessment process is in place to identify, assess and manage the principal risks of the Company's business. Management reports regularly to the Board in relation to principal risks which potentially could affect the Company's business activities.~~

~~In considering and making appointments of senior management, the Board considers it appropriate, where relevant, to address succession and planning issues.~~

~~The Board reviews and approves, for release to shareholders, quarterly and annual reports on the performance of the Company. It seeks to ensure that the Company communicates effectively with its shareholders, respective investors and the public, including dissemination of information on a timely basis. Through its officers, the Company responds to questions and provides information to individual shareholders, institutional investors, financial analysts and the media.~~

~~The Board's duties include supervising and evaluating management, authorizing significant expenditures, and overseeing the Company's internal controls and information systems.~~

#### ~~TSX Guidelines~~

~~2. The board of directors of every corporation should be constituted with a majority of individuals who qualify as unrelated directors. An unrelated director is a director who is independent of management and is free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with the director's ability to act with a view to the best interests of the corporation, other than interests and relationships arising from shareholding. A related director is a director who is not an unrelated director. If the corporation has a significant shareholder, in addition to a majority of unrelated directors, the board should include a number of directors who do not have interests in or relationships with either the corporation or the significant shareholder and which fairly reflects the investment in the corporation by shareholders other than the significant shareholder. A significant shareholder is a shareholder with the ability to exercise a majority of the votes for the election of the board of directors.~~

#### ~~Company's Governance Practices~~

~~2. The Board presently consists of seven members, of which four are considered unrelated.~~

~~The Corporation does not have a significant shareholder.~~

#### ~~TSX Guidelines~~

~~3. The application of the definition of unrelated director to the circumstances of each individual director should be the responsibility of the board which will be required to disclose on an annual basis whether the board has a majority of unrelated directors, or, in the case of a corporation with a significant shareholder, whether the board is constituted with the appropriate number of directors which are not related to either the corporation or the significant shareholder. Management directors are related directors. The board will also be required to disclose on an annual basis the analysis of the application of the principles supporting this conclusion.~~

#### ~~Company's Governance Practices~~

~~3. The Board believes that Messrs. Coleman, McChesney, Mikkelsen, and Potvin are unrelated directors within the meaning of the TSX Guidelines as none of them is an executive officer or employee of the Company or party to any material contract with the Company and none of them receive remuneration from the Company in excess of directors' fees and grants of stock options. Mr. Coleman is non-executive Chairman. The Board believes that the four Directors are free from any interest and any business or other relationship which could, or could reasonably be perceived to, materially interfere with their ability to act independently from management or to act as a director with a view to the best interests of the Company, other than interests and relationships arising from shareholdings. The remaining Directors, Messrs. Timm, Belanger and Geyer, are employees of the Company.~~

#### ~~TSX Guidelines~~

~~4. The board of directors of every corporation should appoint a committee of directors composed exclusively of outside, i.e., non management, directors, a majority of whom are unrelated directors, with the responsibility for proposing to the full board new nominees to the board and for assessing directors on an ongoing basis.~~

#### ~~Company's Governance Practices~~

~~4. The Company's unrelated directors are responsible for the assessment of the effectiveness of the Board as a whole and participate in the recruitment and recommendation of nominees for appointment or election to the Board.~~

#### ~~TSX Guidelines~~

~~5. Every board of directors should implement a process to be carried out by the nominating committee or other appropriate committee for assessing the effectiveness of the board as a whole, the committees of the board and the contribution of individual directors.~~

#### ~~Company's Governance Practices~~

~~5. Due to its current size, the Board does not currently have a separate committee for assessing the effectiveness of the Board as a whole, the committees of the Board and the contribution of individual Directors. The Board as a whole bears these responsibilities.~~

#### ~~TSX Guidelines~~

~~6. Every corporation, as an integral element of the process for appointing new directors, should provide an orientation and education program for new recruits to the board.~~

#### ~~Company's Governance Practices~~

~~6. Due to its current size, the Board does not currently provide an orientation and education program specifically training new recruits to the Board. All directors are given direct access to management to provide information on the Company and its business and affairs.~~

~~TSX Guidelines~~

~~7. Every board of directors should examine its size and, with a view to determining the impact of the number upon effectiveness, undertake where appropriate, a program to reduce the number of directors to a number which facilitates more effective decision-making.~~

~~Company's Governance Practices~~

~~7. The size and composition of the Board is subject to periodic review by the Board as a whole. Having regard to the present size and activities of the Company, the current composition of seven members provides, in the Board's view, an appropriate board size for the Company.~~

~~TSX Guidelines~~

~~8. The board of directors should review the adequacy and form of compensation of directors and ensure the compensation realistically reflects the responsibilities and risk involved in being an effective director.~~

~~Company's Governance Practices~~

~~8. The Board reviews from time to time the compensation paid to Directors in order to ensure that they are being adequately compensated for the duties performed and the obligations they assume. The Board as a whole is responsible for determining the compensation paid to the Directors.~~

~~TSX Guidelines~~

~~9. Committees of the board of directors should generally be composed of outside directors, a majority of whom are unrelated directors, although some board committees, such as the executive committee, may include one or more inside directors.~~

~~Company's Governance Practices~~

~~9. The Board has three Committees: the Audit Committee, the Compensation Committee and the Executive Committee.~~

~~The Audit Committee, which met 4 times during 2004, in person and by phone, consists of Chris D. Mikkelsen (Chair), Patrick D. McChesney and J.C. Potvin, all of whom are unrelated directors.~~

~~The Compensation Committee, which met 9 times during 2004, in person and by phone, consists of Chris D. Mikkelsen (Chair) and Jean Charles Potvin, both of whom are unrelated directors.~~

~~The Executive Committee, which is comprised of James H. Coleman, Rockne J. Timm and A. Douglas Belanger, meets in person or by phone on a regular basis. Mr. Coleman is considered an outside and unrelated director. Mr. Timm and Mr. Belanger are considered to be inside directors.~~

~~TSX Guidelines~~

~~10. Every board of directors should expressly assume responsibility for, or assign to a committee of directors the general responsibility for, developing the corporation's approach to governance issues. This committee would, amongst other things, be responsible for the corporation's response to these governance guidelines.~~

~~Company's Governance Practices~~

~~10. The Board as a whole assumes responsibility for the Company's approach to all matters of corporate governance, including the Company's response to the TSX Guidelines.~~

~~TSX Guidelines~~

~~11. The board of directors, together with the CEO, should develop position descriptions for the board and for the CEO, involving the definition of the limits to management's responsibilities. In addition, the board should approve or develop the corporate objectives which the CEO is responsible for meeting.~~

~~Company's Governance Practices~~

~~11. The Board as a whole is responsible for the overall stewardship and governance of the Company. This includes developing position descriptions for the Board and the CEO. The Board reviews and approves the corporate objectives the CEO is responsible for meeting and assesses the CEO's performance against those objectives. The Board defines the limits to management's authority. The Board expects management to: review the Company's strategies and their implementation of those strategies in all key areas of the Company's activities; carry out a comprehensive budgeting process and monitor the Company's financial performance against the budget; and identify opportunities and risks affecting the Company's business and find ways of dealing with those opportunities and risks as they may arise. For the Company's Governance Practices see TSX Guideline #1.~~

~~TSX Guidelines~~

~~12. Every board of directors should have in place appropriate structures and procedures to ensure that the board can function independently of management. An appropriate structure would be to (i) appoint a chair of the board who is not a member of management with responsibility to ensure the~~

~~board discharges its responsibilities or (ii) adopt alternate means such as assigning this responsibility to a committee of the board or to a director, sometimes referred to as the "lead director". Appropriate procedures may involve the board meeting on a regular basis without management present or may involve expressly assigning the responsibility for administering the board's relationship to management to a committee of the board.~~

#### ~~Company's Governance Practices~~

~~12. The Board has appointed James H. Coleman as its Chairman. One of his responsibilities is to oversee the Board processes so that it operates efficiently and effectively in carrying out its duties and to act as liason between the Board and management. The Board believes that, in light of the Company's size and stage of development, Mr. Coleman's background with the Company, it is appropriate for Mr. Coleman to act as Chairman of the Board.~~

#### ~~TSX Guidelines~~

~~13. The audit committee of every board of directors should be composed only of outside directors. The roles and responsibilities of the audit committee should be specifically defined so as to provide appropriate guidance to audit committee members as to their duties. The audit committee should have direct communication channels with the internal and external auditors to discuss and review specific issues as appropriate. The audit committee duties should include oversight responsibility for management reporting on internal control. While it is management's responsibility to design and implement an effective system of internal control, it is the responsibility of the audit committee to ensure that management has done so.~~

#### ~~Company's Governance Practices~~

~~13. The Audit Committee, consisting entirely of outside and unrelated directors, meets regularly with the Company's financial management team, and with the external auditors without management present, to satisfy itself and the Board that shareholders receive timely and accurate reports on the financial status of the Company. The Audit Committee recommends to the Board a firm of independent certified public accountants to audit the annual financial statements, discusses with the auditors and approves in advance the scope of the audit, reviews with the independent auditors the financial statements and their audit report, reviews management's administration of the system of internal accounting controls, and reviews the Company's procedures relating to business ethics. The Board has delegated review of the quarterly financial statements to the Audit Committee prior to filing with regulatory agencies. The Audit Committee reports to the Board on its activities and findings.~~

#### ~~TSX Guidelines Company's Governance Practices~~

~~14. The board of directors should implement a system which enables an individual director to engage an outside adviser at the expense of the corporation in appropriate circumstances. The engagement of the outside adviser should be subject to the approval of an appropriate committee of the board.~~

#### ~~Company's Governance Practices~~

~~14. The Board permits individual Directors, subject to the approval of the Board, to engage outside legal, financial or other expert advisors at the Company's expense in appropriate circumstances.~~
