99.1 News Release

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS AND INFORMATION

The information presented or incorporated by reference herein contains both historical information and "forward-looking statements" within the meaning of the relevant sections of Section 27A of the Securities Act of 1933, as amended (the "Securities Act") and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and "forward-looking information" within the meaning of applicable Canadian securities laws, that state the Company's intentions, hopes, beliefs, expectations or predictions for the future. Forward-looking statements and forward-looking information are collectively referred to herein as "forward-looking statements".

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause the Company's actual financial results, performance, or achievements to be materially different from those expressed or implied herein and many of which are outside its control. Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: the arbitration proceedings under the Additional Facility Rules of the International Centre for Settlement of Investment Disputes ("ICSID"), against the Bolivarian Republic of Venezuela ("Respondent") seeking compensation in the arbitration for all of the loss and damage resulting from Venezuela's wrongful conduct (Gold Reserve Inc. v. Bolivarian Republic of Venezuela (ICSID Case No. ARB(AF)/09/1)) (the "Brisas Arbitration"), actions by the Venezuelan government, economic and industry conditions influencing the future sale of the Brisas Project related equipment, and conditions or events impacting the Company's ability to fund its operations or service its debt.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause the Company's results to differ materially from those expressed or implied by such forward-looking statements. The words "believe," "anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation:

- outcome of our arbitration against the Bolivarian Republic of Venezuela;
- continued servicing or restructuring of our Notes or other obligations as they come due;
- prospects for exploration and development of other mining projects by us;
- equity dilution resulting from the conversion of the Notes in part or in whole to Class A Common Shares;
- value, if any, realized from the disposition of the remaining Brisas Project related assets;
- ability to maintain continued listing on the TSXV or continued trading on the OTCQB;
- competition with companies that are not subject to, or do not follow, Canadian and U.S. laws and regulations;
- corruption, uncertain legal enforcement and political and social instability;
- our current liquidity and capital resources and access to additional funding in the future if required;
- regulatory, political and economic risks associated with foreign jurisdictions including changes in laws and legal regimes;
- currency, metal prices and metal production volatility;
- adverse U.S., Canadian and/or Mexican tax consequences;
- abilities and continued participation of certain key employees; and
- risks normally incident to the exploration, development and operation of mining properties.

This list is not exhaustive of the factors that may affect any of the company's forward-looking statements. See "Risk Factors" contained in the Company's Annual Information Form and Annual Report on Form 40-F filed on sedar.com and sec.gov, respectively for additional risk factors that could cause results to differ materially from forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in the Company's affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with or furnished to the SEC or other securities regulators or documents presented on the Company's website. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by this notice. The Company disclaims any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to the Company's disclosure obligations under applicable U.S. and Canadian securities regulations. Investors are urged to read the Company's filings with U.S. and Canadian securities regulatory agencies, which can be viewed online at www.sec.gov and www.sedar.com, respectively.

GOLD RESERVE PLANS TO ISSUE UP TO US \$12 MILLION OF NEW CONVERTIBLE NOTES AND EXTEND MATURITY DATE OF US \$25.3 MILLION OF EXISTING NOTES

SPOKANE, WASHINGTON, April 29, 2014

Gold Reserve Inc. (TSX.V:GRZ) (OTCQB:GDRZF) (“Gold Reserve” or the “Company”) is pleased to announce an agreement in principle with its largest noteholders to issue up to US \$12 million of new convertible notes (“New Notes”) due December 31, 2015 and modify, amend and extend the maturity date of nearly all of its US\$25.3 million outstanding principal amount of previously modified notes (“Modified Notes”) from June 29, 2014 to December 31, 2015. The terms are binding subject to TSX Venture Exchange approval and definitive documents. The Company will issue the New Notes with an original issue discount of 2.5% of the principal amount and will pay a cash extension fee of 2.5% of the principal amount of the Modified Notes being extended.

The New Notes and the Modified Notes (as amended from the date of closing) (collectively the “Notes”) will bear interest at a rate of 11% per year, which will be paid in kind quarterly and added to the principal amount of the Notes. The Notes will be convertible, at the option of the holder, into 266.67 shares of Class A common shares per US \$1,000 (equivalent to a conversion price of US \$3.75 per common share) at any time upon prior written notice to the Company. The Modified Notes previously had an interest rate of 5.5% and a conversion price of US \$4.00 per common share.

The Notes will be senior unsecured obligations of the Company, equal in rank to any future senior obligations of the Company and subject to certain terms including restrictions regarding: the pledging of assets and incurrence of certain capital expenditures or additional indebtedness without consent of Noteholders; participation rights in future equity or debt financing; redemption at a price equal to 120% of the outstanding principal balance plus accrued interest upon the issuance of a final arbitration award pursuant to the Company’s arbitration proceedings with the Government of Venezuela related to Venezuela’s expropriation of the Company’s Brisas Project, provided the Company shall not be obligated to effect any redemption until certain amounts of cash proceeds are received and subject to minimum capital and operating needs of the Company; and restrictions on any amendment or modification to any terms of the Notes without offering such terms to all holders of the Notes on an equitable and pro-rata basis. The transaction is expected to be completed in May 2014.

Doug Belanger, President stated, “We appreciate the continued support of our shareholders and noteholders during the arbitration process. Extending the maturity of the notes and raising additional funds will allow the Company to pursue the arbitration process through to its full conclusion.”
