## 99.1 News Release

### CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS AND INFORMATION

The information presented or incorporated by reference herein contains both historical information and "forward-looking statements" within the meaning of the relevant sections of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and "forward-looking information" within the meaning of applicable Canadian securities laws, that state Gold Reserve Inc.'s (the "Company") intentions, hopes, beliefs, expectations or predictions for the future. Forward-looking statements and forward-looking information are collectively referred to herein as "forward-looking statements".

Forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by the Company at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies that may cause the Company's actual financial results, performance, or achievements to be materially different from those expressed or implied herein and many of which are outside its control. Some of the material factors or assumptions used to develop forward-looking statements include, without limitation, the uncertainties associated with: timing of and collection of the amount awarded by the International Centre for Settlement of Investment Disputes ("ICSID"), in our arbitration against the Bolivarian Republic of Venezuela as compensation for the loss and damage resulting from Venezuela's wrongful conduct (Gold Reserve Inc. v. Bolivarian Republic of Venezuela (ICSID Case No. ARB(AF)/09/1)), actions by the Venezuelan government, economic and industry conditions influencing the future sale of the Brisas Project related equipment, and conditions or events impacting the Company's ability to fund its operations or service its debt.

Forward-looking statements involve risks and uncertainties, as well as assumptions, including those set out herein, that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause the Company's results to differ materially from those expressed or implied by such forward-looking statements. The words "believe," "anticipate," "expect," "intend," "estimate," "plan," "may," "could" and other similar expressions that are predictions of or indicate future events and future trends which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to provide any assurances as to future results.

Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation:

- Timing of and amount of collection of our ICSID arbitration award, if at all;
- continued servicing or restructuring of our notes, convertible notes or other obligations as they come due;
- prospects for exploration and development of other mining projects by us;
- equity dilution resulting from the conversion of our convertible notes in part or in whole to our Class A Common Shares;
- value, if any, realized from the disposition of the remaining Brisas Project related assets;
- ability to maintain continued listing on the TSX Venture Exchange or continued trading on the OTCQB;
- competition with companies that are not subject to, or do not follow, Canadian and U.S. laws and regulations;
- corruption, uncertain legal enforcement and political and social instability;
- our current liquidity and capital resources and access to additional funding in the future if required;
- regulatory, political and economic risks associated with foreign jurisdictions including changes in laws and legal regimes;
- currency, metal prices and metal production volatility;
- adverse U.S., Canadian and/or Mexican tax consequences;
- abilities and continued participation of certain key employees; and
- risks normally incident to the exploration, development and operation of mining properties.

This list is not exhaustive of the factors that may affect any of the company's forward-looking statements. See "Risk Factors" contained in the Company's Annual Information Form and Annual Report on Form 40-F filed on [sedar.com](http://sedar.com) and [sec.gov](http://sec.gov), respectively for additional risk factors that could cause results to differ materially from forward-looking statements.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in the Company's affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents periodically filed with or furnished to the SEC or other securities regulators or documents presented on the Company's website. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by this notice. The Company disclaims any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to the Company's disclosure obligations under applicable U.S. and Canadian securities regulations. Investors are urged to read the Company's filings with U.S. and Canadian securities regulatory agencies, which can be viewed online at [www.sec.gov](http://www.sec.gov) and [www.sedar.com](http://www.sedar.com), respectively.

**GOLD RESERVE SEEKS ENFORCEMENT OF ITS US\$ 713 MILLION AWARD AND COSTS AGAINST VENEZUELA IN THE US DISTRICT COURT FOR THE DISTRICT OF COLUMBIA**

**SPOKANE, WASHINGTON, December 1, 2014**

Gold Reserve Inc. (TSX.V:GRZ) (OTCQB:GDRZF) (the "Company"), reports that on November 26, 2014 it filed, in the US District Court for the District of Columbia ("DDC"), a petition to confirm the US\$ 713 million Award (the "Award") plus costs dated September 22, 2014 in the arbitration before the World Bank's International Centre for Settlement of Investment Disputes ("ICSID") against the Republic of Venezuela relating to the Brisas Project.

The petition for confirmation is a summary proceeding brought under the United Nations Convention for the Recognition and Enforcement of Foreign Arbitral Awards (June 10, 1958), 21 U.S.T. 2517, 330 U.N.T.S. 38 (the "New York Convention") and Chapter 2 of the Federal Arbitration Act ("FAA"), 9 U.S.C. §§ 201 *et seq.*

Once the Award is confirmed it will be executable in the United States as a judgment of the court. The Company remains firmly committed to the enforcement and collection of the Award including accrued interest in full and will continue to vigorously pursue all available remedies accordingly in every jurisdiction where it perceives that it can draw a benefit that will bring it closer to a definitive resolution of this matter. In the meantime, the Award accrues interest at the rate of Libor plus 2% per annum until satisfaction of the Award.

Further to its update to Shareholders November 6, 2014, the Company is pleased to report a number of developments in connection with its efforts to collect on the final Award:

Activities at ICSID

After receiving written submissions by the parties in reply to each other's request for correction of the Award, the arbitral tribunal informed the parties that it did not foresee any further steps in the procedure. Despite Venezuela's subsequent requests for an opportunity to respond to the Company's submissions and for an oral hearing (both of which have been objected to by the Company), we are confident that the arbitral tribunal will render a decision shortly.

Activities in France

Two days prior to the hearing scheduled for November 27, 2014, Venezuela filed submissions, opposing the Company's request for *exequatur* and, in the alternative, requesting a stay of execution pending the determination of its application for annulment of the Award. At the Paris Court of Appeal hearing on November 27, 2014, the Court approved the Company's request to postpone the hearing until January 8, 2015 to allow the Company to reply to Venezuela's response. The Company plans to file its reply to Venezuela's response in two weeks allowing Venezuela sufficient time to respond prior to the January 8, 2015 hearing.

## Activities in the United States

On November 26, the Company filed a petition to confirm the Award in the District of Columbia. The petition now needs to be served on Venezuela who will respond in writing with any arguments it believes it has against the petition for confirmation. Thereafter, the Company will be entitled to respond to these arguments, should it deem it necessary. The Court may set a hearing to resolve any questions regarding the petition but this is not required.

Under the New York Convention, the confirming court is not entitled to review the merits of the decision but simply to verify that the arbitral award meets the requirements of the Convention, and that no exception to the Convention's rule of recognition and enforcement is present. Accordingly, an arbitral award, such as the Award, must be confirmed, unless the award debtor who opposes the confirmation, satisfies the confirming court, by adducing sufficient proof, that:

- (a) The parties to the arbitration agreement were, under the law applicable to them, under some incapacity, or the said agreement is not valid under the law to which the parties have subjected it or, failing any indication thereon, under the law of the country where the award was made; or
- (b) The party against whom the award is invoked was not given proper notice of the appointment of the arbitrator or of the arbitration proceedings or was otherwise unable to present his case; or
- (c) The award deals with a difference not contemplated by or not falling within the terms of the submission to arbitration, or it contains decisions on matters beyond the scope of the submission to arbitration; or
- (d) The composition of the arbitral authority or the arbitral procedure was not in accordance with the agreement of the parties, or, failing such agreement, was not in accordance with the law of the country where the arbitration took place; or
- (e) The award has not yet become binding on the parties, or has been set aside or suspended by a competent authority of the country in which, or under the law of which, that award was made.

Confirmation of an arbitral award such as the Award, may also be refused under the New York Convention if the confirming court finds that:

- (a) The subject matter of the difference is not capable of settlement by arbitration under the law of the United States; or
  - (b) The confirmation of the award would be contrary to the public policy of the United States.
