CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

The information furnished under cover of this Form 6-K contains both historical information and forward-looking statements (within the meaning of Section 27A of the Securities Act, Section 21E of the Exchange Act and the Securities Act (Ontario)) that may state our intentions, hopes, beliefs, expectations or predictions for the future. In this report, forward-looking statements are necessarily based upon a number of estimates and assumptions that, while considered reasonable by us at this time, are inherently subject to significant business, economic and competitive uncertainties and contingencies. We caution that such forward-looking statements involve known and unknown risks, uncertainties and other risks that may cause our actual financial results, performance, or achievements of the Company to be materially different from our estimated future results, performance, or achievements expressed or implied by those forward-looking statements.

These forward-looking statements involve risks and uncertainties, as well as assumptions that may never materialize, prove incorrect or materialize other than as currently contemplated which could cause our results to differ materially from those expressed or implied by such forward-looking statements. The words “believe,” “anticipate,” “expect,” “intend,” “estimate,” “plan,” “may,” “could” and other similar expressions that are predictions of or indicate future events and future trends which do not relate to historical matters, identify forward-looking statements. Any such forward-looking statements are not intended to give any assurances as to future results. Numerous factors could cause actual results to differ materially from those in the forward-looking statements. Due to risks and uncertainties, including the risks and uncertainties identified in our Annual Information Form, actual results may differ materially from current expectations.

Numerous factors could cause actual results to differ materially from those in the forward-looking statements, including without limitation:

- the outcome of our arbitration under ICSID against the Bolivarian Republic of Venezuela;
- the actual value realized from the disposition of the remaining Brisas Project related assets;
- the result or outcome of the litigation regarding the enjoined hostile takeover bid for us;
- the equity dilution as a result of the proposed restructuring of the outstanding 5.5% senior subordinated notes;
- our ability to maintain continued listing on the NYSE MKT and/or the TSX Venture;
- corruption and uncertain legal enforcement;
- political and social instability;
- requests for improper payments;
- competition with companies that are not subject to or do not follow Canadian and U.S. laws and regulations;
- regulatory, political and economic risks associated with Venezuela including changes in laws and legal regimes;
- impact of currency, metal prices and metal production volatility;
- our dependence upon the abilities and continued participation of certain key employees;
- the prospects for exploration and development of other mining projects by us; and
- risks normally incident to the exploration, development and operation of mining properties.

Investors are cautioned not to put undue reliance on forward-looking statements, and investors should not infer that there has been no change in our affairs since the date of this report that would warrant any modification of any forward-looking statement made in this document, other documents filed periodically with securities regulators or documents presented on our website. All subsequent written and oral forward-looking statements attributable to us or persons acting on our behalf are expressly qualified in their entirety by this notice. We disclaim any intent or obligation to update publicly or otherwise revise any forward-looking statements or the foregoing list of assumptions or factors, whether as a result of new information, future events or otherwise, subject to our disclosure obligations under applicable rules promulgated by the relevant securities regulators.

Gold Reserve Shareholders Approve Restructuring of Debt and Results of Annual and Special Shareholder Meeting

SPOKANE, WASHINGTON June 28, 2012

Gold Reserve Inc. (TSX VENTURE:GRZ) (NYSE-MKT:GRZ) (the "Company") announced today that the shareholders of the Company overwhelmingly approved all items voted on at the Company's Annual and Special Meeting held yesterday, including the restructuring of the Company's 5.5% Senior Subordinated Convertible Notes due 2022 (the "Notes").

The five matters voted on at the meeting included the election of Directors, appointment of the auditors, approval of the Equity Incentive Plan, approval of the Amendment to the Shareholder Rights Plan, and the restructuring of the Notes. 67.6% of the shares outstanding voted at the meeting and all five matters were approved by at least 95% of the vote with the restructuring of the Notes being approved by over 99% of the vote.

Doug Belanger, President, stated, "We anticipate that the restructuring will allow us to accomplish our objective of minimizing shareholder dilution resulting in less than 73 million shares of common stock outstanding or approximately 80 million on a fully diluted basis. We are very pleased to have obtained the support of our shareholders and noteholders for the debt restructuring. Upon the completion of the restructuring we will continue to pursue our \$2.1 billion arbitration claim against the Bolivarian Republic of Venezuela for the expropriation of the Company's Brisas project and other mining projects to become an operating company."
