Items 2(d). Criminal Proceedings

During the last five years, neither the Filing Parties (or a controlling entity thereof) nor any executive officer or director of the Filing Parties (or a controlling entity thereof) has been convicted in a criminal proceeding (excluding traffic violations or similar misdemeanors).

Item 2(e) Civil Securities Law Proceedings

During the last five years, neither the Filing Parties (or a controlling entity thereof) nor any executive officer or director of any of the Filing Parties (or a controlling entity thereof) has been a party to a civil proceeding of a judicial or administrative body of competent jurisdiction and as a result of such proceeding was or is subject to a judgment, decree or final order enjoining future violations of, or prohibiting or mandating activities subject to, federal or state securities laws or finding any violation with respect to such laws.

Item 3. Source and Amount of Funds or Other Consideration.

Each of the filing parties used working capital to fund their purchases of shares of Common Stock except for Raymond J.R. French and Alys G.C. French who have used personal funds.

Item 4. Purpose of Transaction.

The Filing Parties now own a total of 2,153,575 shares, or 6.2% of the Company's total outstanding Common Stock.

The Filing Parties acquired the shares of the Company's Common Stock owned by them for investment purposes. The Filing Parties may in the future take such action with respect to their investment in the Company's Common Stock as they deem appropriate including, without limitation, purchasing additional shares of the Company's Common Stock or selling some or all of the shares of the Company's Common Stock owned by them.

In April 2006 the Filing Parties obtained a third-party appraisal (valuation) report assessing the market value of the Company's Las Brisas mining property. The appraisal report included analyses of the economics of various stand-alone Las Brisas mine scenarios and analyses of a potential Las Brisas-Las Cristinas combined pit mine scenario. The appraisal report was conducted by Mr. Trevor Ellis of Ellis International Services, Inc. Mr. Ellis is a Certified Minerals Appraiser with over 30 years experience in the mining industry. He is a former president of the American Institute of Minerals Appraisers and is the Chairman of the Extractive Industries Task Force for the International Valuation Standards Committee (IVSC), London. He represents the IVSC on Minerals and Petroleum matters at the United Nations (UN). He led the development of the Valuation Standards for Minerals and Petroleum, first published in the 2005 edition of the International Valuation Standards book published by the IVSC.

Based on the Company's stock price (US\$7.72) on April 13, 2006 (the date on which the Filing Parties filed an amendment to their Schedule 13D disclosing the appraisal report), and based on a total of 42,152,151 fully diluted share and share equivalents, the stock market was assigning the Company an Equity capitalization of US\$325,414,606 on a fully diluted basis at that date. Further, at 30 March 2006, the Company had Cash and cash equivalents and Marketable securities of approximately US\$22,000,000. In addition, on fully diluted basis, the Company's options and warrants would provide the Company with an estimated additional US\$19,230,761 upon exercise. Therefore, assuming that the stock market was assigning the Company an Entity value equal to the value of the Company's Las Brisas concessions and its sub-lease on Choco 5*, then the stock market was valuing the Company's interests in those properties at a total of US\$284,183,845¹ on April 13, 2006. Based in part on the appraisal report, the Filing Parties believe that the underlying value of the Company's interests in those properties is substantially greater than this amount.

The Filing Parties have been in contact with major mining companies, including their representatives and advisors, to familiarize them with the Company's assets and to encourage them to consider a strategic transaction with the Company, which could include a joint venture to develop the Company's mining properties or a business combination with the Company. In addition, the Filing Parties may communicate their views regarding the Company and its business to management, the board of directors, other shareholders, securities industry professionals and financial journalists.

In order to both improve shareholder communications and assist potential new investors to understand the Company and its potential value, the Filing Parties believe that the Company should begin hosting quarterly conference calls for investors and analysts. The Filing Parties also believe that, within the constraints of prudent liquidity management, the Company should consider opportunities to repurchase its own shares where they can be purchased at a discount to their intrinsic value.

The Company's press releases announcing its most recent Reserve and Resource estimates can be found at the following web addresses, respectively:

<http://www.goldreserveinc.com/documents/gmr0504.pdf>

<http://www.goldreserveinc.com/documents/gmr0503.pdf>

* In addition to the Las Brisas concessions located in Bolivar State, the Company also holds a sub-lease on the CVG-owned Choco 5 concession in the El Callao mining district.

No Filing Party has any present plan or proposal which would relate to or result in any of the matters set forth in subparagraphs (a) – (j) of Schedule 13D except as set forth herein.
